It is the intent of Emory University School of Medicine to assure that its educational mission and Continuing Dental Education activities in particular, should not be influenced by the special interest of individuals associated with its programs. Having an interest in or affiliation with any corporate organization does not necessarily influence a speaker's presentation, but the relationship must be known in advance to the audience in accordance with CERP Standards. Conflicts will be declared prior to the beginning of the program.

SUNDAY, JANUARY 18, 2009

7:00-9:00 am

INFLAMMATION IN PERIODONTITIS: A REAPPRAISAL

Dr. Thomas Van Dyke

COURSE OBJECTIVES: After attending this lecture, you will be able to:

- Review the pathogenesis of periodontitis with emphasis on the host response.
- Evaluate the clinical data for the efficacy of host modulators in the treatment of periodontitis.
- Discuss the future; what's in the pipeline?

4:30-6:30 pm
