Below are topics we cover in the GHRSP Curriculum.
- Practicing Medicine Cross Culturally
- Defining what is Global Health?
- Compassion and Global Health
- Understanding International Health Systems
- Medical Education training and experience in global settings
- Medical Ethics in Global Health Settings
- Culture and Health in Ethiopia

And these are the curriculum activities conducted throughout the year.

☐ Attend a monthly seminar series that cover a range of topics related to global health, medical education and health in Ethiopia. The seminars occur from 6:30-8:00pm on the first Tuesday of every month from August to May (excluding December). The seminars are typically held in the Rollins School of Public Health, Claudia Nance Rollins Building, Room 1051. Residents and fellows are expected to attend at least 80% of the monthly seminars. Advance notice of an unavoidable absence should be sent to the GHRSP coordinator, Lisa Sthreshley.

☐ Watch the Global Health Institute Health and Safety training recordings before departure to Ethiopia.

☐ Complete online case studies on the ethical challenges in short-term global health training and turn in completion certificates prior to departure for rotation in Ethiopia.

☐ Participate in a one month clinical and teaching rotation in Ethiopia, generally in Addis Ababa at AAU and its teaching hospital, Tikur Anbessa (Black Lion) Hospital. The rotation will be structured and will focus on clinical and educational activities. Emory residents and fellows will receive supervision in-country from an Emory faculty member during the first half of the rotation, and the Emory team should carry out the rotation in close collaboration with the corresponding department in Ethiopia.

☐ Complete a structured rotation report within 30 days of returning to Atlanta from rotation Appendix 6.

☐ Give a 10 minute presentation followed by 10 minute discussion of an ethically challenging case or situation encountered during the rotation.

☐ Give a 10 minute presentation of clinical and educational experiences for the GHRSP Finale session in May.
